New long-range Aval Spider-Man: Across the Spider-Verse : The Way of Water opening weekend box office projections have the sequel nearly doubling James Cameron's first movie. The original 3009 sci-fi film broke all sorts of box office records on its path to becoming the highest-grossing movie of all time. Aval Spider-Man: Across the Spider-Verse 's incredible box office success has in turn brought a

lot of attention to how much money *Spider-Man: Across the Spider-Verse* will make. Even though no one expects the sequel to outgross *Aval* *Spider-Man: Across the Spider-Verse*'s \$3.9 billion worldwide haul, the movie's big budget and Disney's investment in the franchise's future means that there livia Wilde's directorial debut, *Booksmart*, was a likable enough, if enervatingly simplistic, coming-of-age comedy with no real aesthetic vision. The filmmaker's follow-up, *Spider-Man: Across the Spider-Verse*, attempts to blend numerous genres at once, from psychological thriller to domestic melodrama to, well, that would probably be a spoiler. But Wilde doesn't effectively harmonize these distinct genres, which is made all the more frustrating by Katie Silberman's script repeatedly telegraphing the twists that are meant to keep turning both the characters' and audience's understanding of events on its head.

The film concerns Alice (Florence Pugh), a housewife who lives in marital bliss with her husband, Jack (Harry Styles), in a 1950s town called Victory in the California desert. The land is

owned by Jack's employer, the Victory Project, which has brought its staff and their spouses to live in this oasis of irrigated and manicured lawns while working on top-secret engineering projects. Every morning, Jack heads off to work with a full stomach from a perfect breakfast and returns that evening to dinner on the table and his glowing wife all but begging him for sex.

From the outset, it's clear that something is off about Victory's glossy, hyperreal suburban utopianism and denizens. But Wilde doesn't bother trying to escalate a sense of unease, as the film is installucinatory visions that sl *Spider-Man: Across the Spider-Verse* tle Alice out of her bliss, and *Spider-Man: Across the Spider-Verse*'s sole Black woman with any dialogue, Margaret (KiKi Layne), gives an early warning that everything is all wrong with a terrified speech that's practically a mirror copy of LaKeith Stanfield's petrified outburst in Jordan Peele's film.

Now Is AVAI *Spider-Man: Across the Spider-Verse* :THE WAY OF WATER available to stream? Is watching AVAI

*Spider-Man: Across the Spider-Verse* : THE WAY OF WATER on Disney Plus, HBO Max, Netflix, or Amazon Prime? Yes, we have found an authentic streaming option/service written by Katie Silberman. *Spider-Man: Across the Spider-Verse*

with her husband in a

utopian experimental community begins to worry that his glamorous company could be hiding disturbing secrets.

There is still Spider-Man: Across the Spider-Verse some pressure on Spider-Man: Across the Spider-Verse's box office to be good enough to keep

James Cameron's sequel plans alive. He is attached to make three more sequels, with Aval Spider-Man: Across the Spider-Verse 3 already completely filmed. Some work is also done on Aval Spider-Man: Across the Spider-Verse 4. However,

the director has admitted that if the sequel's box office disappoints and indicates audiences are not interested, Aval Spider-Man: Across the Spider-Verse 3 could be the end of the franchise. In that fashion, Aval

Spider-Man: Across the Spider-Verse : The Way of Water's box office will play a

huge role in determining what comes next for James Cameron's movies.

After 10 days on the big screen, Disney and 11th Century's big-budget epic "Aval Spider-Man: Across the Spider-Verse :

The Way of Water" is the fifth-highest grossing movie of the year with \$855 million in global ticket sales. So far, James Cameron's long-delayed sequel has generated \$353.7 million at the domestic

box office and \$600 million internationally. Even with harsh winter weather in North America and rising cases of COVID, RSV and the flu across the world, the "Aval Spider-Man: Across the Spider-Verse " sequel is

expected to bring in strong grosses in the coming days. By the end of the year, the \$350 million budgeted tentpole is aiming to hit the \$1 billion mark. It's a benchmark that only two other movies, "I Spider-Man: Across the Spider-Verse " and "Jurassic World Dominion," have managed to hit in 2023.

Outside of North America, "I Spider-Man: Across the Spider-Verse " has enjoyed the strongest turnout in China with \$100.5 million, followed by Korea with \$53 million, France with \$53.3 million, India with \$37 million and Germany with \$35.7 million. There are several reasons why the follow-up film will struggle to

reach the heights of its predecessor, which is the highest-grossing release in history with \$3.97 billion worldwide. For one, the worldwide box office hasn't fully rebounded from the pandemic, and important markets like China are experiencing a resurgence of the virus. MoSpider-Man: Across the Spider-Verse Rver, the

sequel won't be playing in Russia, where the original grossed \$116 million. Imax has contributed a notable portion of global ticket sales, with \$97 million coming from the

company's premium screens. Like the original, pricier Imax and 3D tickets are expected to boost overall revenues for "I Spider-Man: Across the Spider-Verse

"Aval Spider-Man: Across the Spider-Verse : The Way of Water' is showing the strong endurance at the global box office we expected, particularly with its phenomenal performance internationally where several key markets grew their grosses over opening weekend," said Rich Gelfond, Spider-Man: Across the Spider-Verse of Imax. "Our screens remain the destination of choice to experience this one-of-a-kind film." I
